RECORD STATUS CODES FOR HP

CODE	DESCRIPTION
A	AWAITING SALES REFERRAL
B	REFERRED FOR SALE

ATTACHMENT 1 (Continued)

RECORD STATUS CODES FOR HP

DRMS-I 4160.14, Vol IV

CODE	DESCRIPTION
C	SOLD AND NOT REMOVED
D	HP AWAITING REFERRAL ON SERVICE CONTRACT (DOR)
E	HP REFERRED ON DOR OR ONE-TIME CONTRACT
G	HP FOR WHICH DO ISSUED & COPY RECEIVED AT DRMO
M	PARTIAL QUANTITY PICKED UP

* Tylenol Seal Concept

** Use for all hazardous property *going directly to ultimate disposal*. See chapter 7, paragraph E, this instruction, for guidance on the use of Freeze Code **8** to extend these time frames for HM/HW with R/T/D/S potential.

NOTE: Hazardous material is subject to sales. If unused material has sales potential, it should be included in the accumulation versus being referred to ultimate disposal. If an item does not qualify for RTD, it may be rolled to sale on an exception basis. Exceptions will be determined by the DRMO Chief. Examples of valid reasons for exceptions include lack of conforming storage, stored off-site and expeditious removal required, or deteriorating containers.
