**28. COMPLETED END-USE CERTIFICATE MUST ACCOMPANY YOUR BID.**

**29. CALENDAR SENSITIVE (YEAR 2000) EQUIPMENT:** The year 2000 (Y2K) technology problem, also known as the millennium bug, is the inability of some computers and computerized systems/equipment to correctly recognize dates after 1999. Computers and other calendar-sensitive property turned in by the Department of Defense and other authorized generators are not immune to this problem. In most cases, it is impossible to identify what will be affected and what will not be without extensive testing. Bidders are notified that the condition of the property, as expressed in item descriptive data, is based on visual inspection that is not adequate to determine year 2000 compatibility. If you have an interest in any property that may be affected by the Y2K technology problem, you should contact the manufacturer or check the manufacturer's web site to see if any information is available regarding the property's year 2000 compatibility. You may visit the General Service Administration's Year 2000 web site at the following internet address: <http://www.itpolicy.gsa.gov/mks/yr2000/y2home.htm> or you can also obtain information from the Federal Year 2000 Information Center at 1-888-872-4925.

**30. VEHICLE REGISTRATION:** (Applicable to all Vehicles)

**31. CUSTOMS REQUIREMENTS FOR U.S. ID CARD HOLDERS:** Purchasers possessing a U.S. ID card who have purchased property on this Sealed Bid Sale must first obtain clearance from the local customs office before they will be allowed to remove the property. U.S. ID card holders are cautioned that when property is purchased for their own use and is subsequently sold, given away as gifts or otherwise transferred to other than authorized personnel, the local customs officer will be notified before such disposition of property.

The Purchaser shall pay the U.S. Government a sum equal to twenty percent (20%) of the estimated total bid price as a payment deposit. This deposit is due within ten calendar days after award is made. The U.S. Government will hold this deposit until the final shipment of property is confirmed and use it to offset the final bill. The U.S. Government will bill the Purchaser for any shortage and return to the Purchaser any overage at the conclusion of the contract. The following example illustrates how the payment deposit is calculated:

Payment Deposit Required		Estimated Total <b>Bid</b>		Payment Deposit
20%	x	\$ 152,000.00	=	\$ 30,400.00

**33. NOTICE: NATIONAL TYPE APPROVAL REQUIREMENT - CUSTOMS NOTICE**

The vehicles sold through this IFB are not warranted to have national type approval. In order to register vehicles with the vehicle licensing office, you must first obtain a Customs and Excise Form 386. ## SPECIAL NOTICE

This bid process provides for an award on a Best Value basis with price the most important factor and transportation capability, storage capability, past performance, if any, along with credit history being significant factors. Consequently, the Government reserves the right to make an award to a Company that did not submit the highest price. In determining the offer which represents the best value to the Government, the Contracting Officer will make the best value determination based upon a firm's offered price and those other factors listed above, as set forth in the attached questionnaire. The Government is seeking to determine whether the offeror demonstrates a thorough understanding of the scope of the bid and minimizes risk to the US Government and insures full performance. Evaluation of these factors will be a subjective assessment based on a consideration of all relevant facts and circumstances. It will not be based on absolute standards of acceptable performance.

Please submit the following information in addition to your bid price:

1. Transportation capability (e.g., personnel, subcontractors)
2. Storage capability (location of facility, size, leased/owned (if leased, duration of lease)
3. Explanation of how you intend to redistribute items (e.g., retail sales, auction)
